Collection Altagamma Fibers

Story behind the collection

ALTAGAMMA FIBERS is a wallcoverings collection in vinyl on a non-woven fabric support that interprets the oriental theme of natural textures worked in overlapping and mixing, treated in collage, tapestry or sewn together, in search of new textures to personalize the walls of contemporary environments. MONSTERA: a wonderful movement, sinuous and geometric at the same time, obtained thanks to the composition of different materials such as straw, raffia, rushes with weaves of different sizes.
