

Leaping Cheetah

Collection ScalamandrÉ

Story behind the collection

ScalamandrÉ and Jannelli&Volpi give life to an unprecedented collaboration, ScalamandrÉ by Jannelli&Volpi: a travel story through the 5 continents characterized by a graphic sign that originates from the classic style of the nineteenth century. The collection thus links together important designs in large format and with a personal style, expertly interpreted by bright and intense colors, and by supports such as non-woven fabric, silks and straws. Using a similar layout as Zebras, Leaping Cheetah features graphic silhouettes of playfully pouncing cheetahs set against fields of rich, textured fields of color. This bold, playful pattern was drawn from images of cheetahs in the wild and developed in fashion-inspired colors. Zebras will forever lead the proverbial pack, but Leaping Cheetah is a truly invigorating and feline addition.
