Collection ScalamandrÉ

Story behind the collection

ScalamandrÉ and Jannelli&Volpi give life to an unprecedented collaboration, ScalamandrÉ by Jannelli&Volpi: a travel story through the 5 continents characterized by a graphic sign that originates from the classic style of the nineteenth century. The collection thus links together important designs in large format and with a personal style, expertly interpreted by bright and intense colors, and by supports such as non-woven fabric, silks and straws. This elegant pattern draws inspiration from the ocean, showcasing a stunning mosaic that embodies the fluidity and vibrancy of marine life. The bright, luminous tones evoke a sense of tranquility and energy and make it perfect whether adorning the walls of a stylish powder room or enhancing the welcoming ambiance of a foyer, and, through the glossy paint used in its creation, Mikonos has a bright visual impact and a 3D effect.
