

MIYAKO

Collection GRAPHIC ELEMENTS 3

Description

Faithful to its journey connotation, Graphic Elements 3 by Armani/Casa invites to explore the Far East: the aura of Japanese islands, with their rich nature and millenary culture, was the source of inspiration for patterns and textures featured in this collection. Horizontal stripes in different thickness are the distinctive feature of Miyako. Thanks to the accurate choice of colours and their distribution, the final result is very soft and elegant, with lines that seem to softly fade into the background. The whole surface is marked by a micro-texture given by the raffia support, applied on silver foil and eventually printed to create the design. Coloured lines are all in relief, treated with a matt or shiny finishing to create a more dynamic reflection of light.
