Collection REFINED STRUCTURES 2

Description

The Armani/Casa Exclusive Wallcoverings Collection is enriched by the new proposals within the Refined Structure 2 series. The key elements of the Armani world are turned into sophisticated wallpapers: nature is one of the protagonists, with its bamboo forests and flourishing oaks, together with graphics - macro chevron motifs placed on marble backgrounds or trompe-l'oeil effects of draping veils - and textures evoking traditional techniques like straw marquetry and Japanese tatami. Influences also come from fashion, clearly inspired by the precious embroideries by Armani Privé. Echoes of lightness are expressed through digital overlays, while three-dimensional supports are emphasized by a particular pearlescent finish and fine palettes ranging from neutral to pastel hues.
