Collection JV 603 ALMA

Description

JV603 ALMA is a collection of vinyl wallcoverings that tells the story of a journey to distant lands. Browsing the catalog, you get the sensation of landing in remote places where nature is wild and generous, where vast prairies stretch as far as the eye can see, where the air smells of roasted coffee and nutmeg, and everything is bathed in the strong sunlight. ALMA, like the soul one seeks when venturing into unexplored territories. The abstract representation of reality recalls roads traveled, stitched, cut, assembled to express the feelings perceived in those places through shapes, lines, and colors. ALMA creates enveloping environments with character but essential, as in the chalky proposal with warm and soft tones.
