Collection JV 103 PRIMAVERA

## Description

JV 103 Primavera is a collection of wallcoverings that explores and interprets the concept of revival, inspired by the idea inherent to the spring season as a source of creative and regenerating energy. Mural, which gives its name to the entire collection, was made in three variations, one of which is on a metallic changing base using the white flat technique in the areas where the white color is present. It fully represents the concept of nature: a plunge into a beautiful forest, enlivened by the spring breeze during flowering.
