Collection JV 103 PRIMAVERA

Description

JV 103 Primavera is a collection of wallcoverings that explores and interprets the concept of revival, inspired by the idea inherent to the spring season as a source of creative and regenerating energy. Mural, abstract and undefined, made with bold strokes of color in three different shades: one cool, one neutral and one more vibrant, in which the color is concentrated at the bottom and can be positioned and rotated up as needed. Nipa's intense play of color and intensity evokes the concepts of harmony, cheerfulness and rebirth, typical of spring, creating a sparkling environment that makes the furnishings stand out.
