

DAPHNE

Collection JV 104 LITHOS

Description

This collection celebrates Mediterranean aesthetics, reproducing typical textures and dusty colors, bringing out its elegance and style: a reinterpretation of walls, houses, and concrete as symbols of architecture and endurance, enhanced with artistic finishes. Overlay of leaves designed as if they had been made with a wide-comb spatula. Daphne gives depth and dynamism thanks to the leaf veins and the glossy/matte overprint effect created by the contrast between background and pattern. This pattern is offered in different natural shades, including terracotta, sage and cement.
