

NEPHELE

Collection JV 104 LITHOS

Description

This collection celebrates Mediterranean aesthetics, reproducing typical textures and dusty colors, bringing out its elegance and style: a reinterpretation of walls, houses, and concrete as symbols of architecture and endurance, enhanced with artistic finishes. Solid-color texture that recalls tiles and combines a cloudy pattern with delicate light shades of color, giving the walls an effect of depth and movement. Small bas-relief details lend a touch of craftsmanship and character, while the smooth stone surface lends elegance and sophistication to the entire composition. This combination of elements makes for a dynamic and sophisticated design, perfect for modern and trendy environments.
