

ALETHEIA

Collection JV 104 LITHOS

Description

This collection celebrates Mediterranean aesthetics, reproducing typical textures and dusty colors, bringing out its elegance and style: a reinterpretation of walls, houses, and concrete as symbols of architecture and endurance, enhanced with artistic finishes. Design inspired by the marine theme, depicting elegant jellyfish floating among abstract, sinuous waves. The color palette includes shades of gold and silver, embellished with shades of white, gray and blue, creating a refined and striking atmosphere. The design is available in a matte variant, ideal for a softer, more sophisticated effect, while the other versions are made with metallic finishes for a touch of shine and modernity.
