

LABIRINTHOS

Collection JV 104 LITHOS

Description

This collection celebrates Mediterranean aesthetics, reproducing typical textures and dusty colors, bringing out its elegance and style: a reinterpretation of walls, houses, and concrete as symbols of architecture and endurance, enhanced with artistic finishes. Two variants with abstract geometric patterns on the same texture, enhanced by elegant details: the first in light-silver and white shades, for a bright and refined effect; the second in dark-gold and brown shades, for a warm and sophisticated look. Both variants emphasize the complexity of the labyrinth through abstract geometric lines and shapes, creating a dynamic and intriguing environment.
