Collection JV 104 LITHOS

## Description

This collection celebrates Mediterranean aesthetics, reproducing typical textures and dusty colors, bringing out its elegance and style: a reinterpretation of walls, houses, and concrete as symbols of architecture and endurance, enhanced with artistic finishes. Mural depicting a composition of geometric designs, offered in two versions: the first characterized by an embossed metallic finish that reproduces the effect of broken ceramics, giving a tactile and original look to the environments; the other, opaque and on neutral tones, presents a refined sandblasted effect, ideal for creating delicate and sophisticated atmospheres.
