

PARIBA

Collection JV 106 AMAZZONIA

Description

JV 106 Amazonia is a collection of wall coverings inspired by a silent journey into the heart of the rainforest. It captures the primal beauty of nature, aiming to bring the wild, enveloping, and elegant essence of the tropical jungle into contemporary spaces. The Pariba solid evokes the effect of hand-woven surfaces, with a texture that feels warm, material, and enveloping. Its simplicity and refinement make it ideal for spaces with a strong yet balanced character, perfect for adding depth and harmony without ever overwhelming the space.
