Collection JV 106 AMAZZONIA

Description

JV 106 Amazonia is a collection of wall coverings inspired by a silent journey into the heart of the rainforest. It captures the primal beauty of nature, aiming to bring the wild, enveloping, and elegant essence of the tropical jungle into contemporary spaces. A fluid and light design, made up of soft lines that recall the curves of the Amazon River. The shapes intertwine with natural textures, creating a dynamic yet balanced pattern, ideal for environments that seek movement without sacrificing elegance.
