

AMAZZONIA

Collection JV 106 AMAZZONIA

Description

JV 106 Amazonia is a collection of wall coverings inspired by a silent journey into the heart of the rainforest. It captures the primal beauty of nature, aiming to bring the wild, enveloping, and elegant essence of the tropical jungle into contemporary spaces. A dreamlike landscape unfolds horizontally like a natural fresco: tall palms, lush vegetation, and soft atmospheres tell the grandeur and timeless charm of the Amazon rainforest. The design develops with elegance, filtered through a material texture that softens its contours, giving depth and a sophisticated three-dimensionality.
