

RIBBON GRASS

Collection JV 106 AMAZZONIA

Description

JV 106 Amazonia is a collection of wall coverings inspired by a silent journey into the heart of the rainforest. It captures the primal beauty of nature, aiming to bring the wild, enveloping, and elegant essence of the tropical jungle into contemporary spaces. Thin, regular vertical lines alternate with subtle tonal intervals, creating a continuous visual rhythm that recalls the natural effect of a reed bed, but with a minimal and contemporary style. The texture is fluid and uninterrupted, perfect for large surfaces where there is a desire to convey a sense of balance, verticality, and connection with nature, while maintaining a full and uniform appearance.
