

Mini Räsymatto

Collection Marimekko 07

Story behind the collection

Marimekko returns with iconic designs interpreted by new production techniques for the new collection Wallcoverings Marimekko 07 by Jannelli&Volpi. Its unmistakable mark for more than seventy years expressed in fashion and design, in fact, makes its patterns unique, both historical and newly created, and they constitute, for modernity and innovation, a great source of inspiration for the interior world as well. Maija Louekari's gardening-inspired Räsymatto (rag rug) pattern is linked to topical themes such as sustainable living and the joy of working with one's hands. City gardens, with their flower and vegetable beds, best represent urban nature, and a rag rug on a cottage floor tells a colorful story.
