

Isot Kivet Näkki

Collection Marimekko 07

Story behind the collection

Marimekko returns with iconic designs interpreted by new production techniques for the new collection Wallcoverings Marimekko 07 by Jannelli&Volpi. Its unmistakable mark for more than seventy years expressed in fashion and design, in fact, makes its patterns unique, both historical and newly created, and they constitute, for modernity and innovation, a great source of inspiration for the interior world as well. The Isot kivet Näkki print is a beautiful fusion of two designs: one by Maija Isola, the other by the Marimekko team. In fact, this modern and contemporary interpretation was created by the Marimekko design team in collaboration with the Isola family: the large surfaces create a sophisticated dialogue with a dense rhythm of stripes.
