

SHUNAN

Collection JWALL SHUNAN

Description

JWALL Shunan homages nature's beauty, offering a unique sensory experience that transforms spaces into refuges of serenity and harmony. Herringbone chevron, made using the texture of sloping bamboo, is alternated with vertical grooves and inlaid with an oblique geometric pattern, such as that proposed in the Madake pattern. An interplay of movement and geometry that, combined with the natural colors and texture of bamboo, infuses dynamism and depth into rooms, enhancing the furnishings.
