

KODACHI

Collection JWALL SHUNAN

Description

JWALL Shunan homages nature's beauty, offering a unique sensory experience that transforms spaces into refuges of serenity and harmony. It depicts a fern worked in inlay on vertical wooden rods in relief, which, in contrast to the metallic background, creates an iridescent and stylized effect that refers to the chiseled work from the embossing that enhances the contrasts. The different natural shades, combined with darker, striking colors, make Kodachi perfect for any type of environment and able to give depth and movement.
